EDUCATION

BSc (Hons.) Mathematics with Computer Graphics

Universiti Malaysia Sabah
Expected November 2026
CGPA 3.05 · MUET Band 4.0

Matriculation — Computer Science

Kolej Matrikulasi Labuan
2020 – 2022 · CGPA 3.61

PROJECTS

YOLOv5 Thermal Object Detection

Final Year Project
Efficiency analysis of YOLOv5 transfer learning for thermal object detection. Supervisor: Prof. Madya Dr. Abdullah Bade.

TECHNICAL SKILLS

- Programming (Python, C#, SQL, JavaScript)
- Data (pandas, NumPy, Excel, Power BI)
- Machine Learning (PyTorch, TensorFlow)
- Apps & Tools (PyQt, Tkinter, React, Git)

SOFT SKILLS

- Leadership, teamwork, adaptability
- Languages (Malay, Kadazan-Dusun, English)

OBJECTIVE

Final-year Mathematics with Computer Graphics student at Universiti Malaysia Sabah with hands-on internship experience building software and data solutions. Seeking an entry-level Software Developer role.

EXPERIENCE

Software Developer Intern

Malsa Palm Oil Mill (MALSA Corporation Sdn Bhd), Sabah
March 2026 – August 2026

- Built an FFB supplier management system covering registration and MPOB/MSPO certification for 4 collecting centres.
- Developed HR employee database, asset tracker, and the company's 2024–2026 budget system (Python, SQLite, vanilla JS).
- Maintained company-wide recruitment and employee leave records in Microsoft Excel.
- Digitised risk-assessment forms with Google Apps Script and automated palm-oil grading Excel templates.
- Packaged apps into click-to-run Windows executables for non-technical staff.

LEADERSHIP & ACTIVITIES

Event Director (Pengarah) — MCG Family Day 2024

Graphics & Mathematics Association (GAMmA), UMS
2022 – 2025

- Led the organising committee for MCG Family Day 2024.
- Committee member (AJK) on 12 faculty events: Kem Matematik Perdana, SCIMATECH, Math Quest, career and academic talks (incl. MCG Career Talk at international level), Mentor-Mentee.
- Member, Graphics & Mathematics Association (GAMmA), 2024–2026.

CERTIFICATIONS

National Training Week 2026 — 11 certificates

Data: Power BI · Power Query · Conquer Messy Data · AppSheet

AI: AI for the Workplace · Workflow Automation · AI Meets Cybersecurity (CompTIA SecAI+)

Security: First Step into Cyber Security · Threat Awareness · Leadership Awareness

Productivity: Microsoft Office Essentials
