PROFESSIONAL SUMMARY

Final-year Mathematics with Computer Graphics student at Universiti Malaysia Sabah (graduating November 2026) with hands-on industrial training experience delivering end-to-end software and data solutions for a palm oil mill operation. Skilled in Python application development, database design, and data analytics with Microsoft Excel and Power BI, supported by 11 industry certifications. Adaptable and detail-oriented team player seeking an entry-level Data Analyst or Software Developer role in Kota Kinabalu.

PERSONAL DETAILS

Age: 23

Nationality: Malaysian

Marital Status: Single

Interests: Badminton, coding, social events

WORK EXPERIENCE

Software Developer Intern — Malsa Palm Oil Mill (MALSA Corporation Sdn Bhd), Sabah 27 Mar – 31 Aug 2026

- Built an FFB (fresh fruit bunch) supplier management system consolidating registration data and MPOB/MSPO certification records across 4 collecting centres, with smart filtering and autocomplete.
- Developed an HR employee database, a company asset tracker (Python + SQLite), and a budget management system (Python, stdlib http.server, vanilla JS) used to manage company budgets for 2024–2026.
- Maintained company-wide recruitment records and the employee leave record workbook for all staff in Microsoft Excel, keeping HR data accurate and up to date.
- Digitised ergonomic risk-assessment forms using Google Apps Script and automated palm-oil grading Excel templates.
- Packaged applications into click-to-run Windows executables for non-technical staff and gathered requirements directly from end users.

Part-time Crew — Bakery Shop, Telipok

- Handled customer service, cash transactions, and daily shop operations while balancing academic commitments.

EDUCATION

BSc (Hons.) Mathematics with Computer Graphics — Universiti Malaysia Sabah

2022 – 2026

Expected graduation: November 2026 · Current CGPA: 3.05 · MUET: Band 4.0

Co-curricular Activity Rating (UMS Transkrip Keaktifan Pelajar): Cemerlang (Excellent) — 369 merit points.

Relevant coursework: Artificial Intelligence, Mathematical Statistics, Fundamentals of Machine Learning, Computer Vision & Application, Digital Image Processing, Scientific Data Visualization, Data Structures, Database, Object-Oriented Programming, Mathematical Modelling & Visualization.

Matriculation (Computer Science) — Kolej Matrikulasi Labuan

2020 – 2022

CGPA: 3.61

Sijil Pelajaran Malaysia (SPM)

FINAL YEAR PROJECT

Efficiency Analysis of YOLOv5 Transfer Learning for Thermal Object Detection

2025 – 2026

- Benchmarked YOLOv5 transfer-learning configurations for thermal-image object detection, analysing accuracy–efficiency trade-offs for real-time applications.

Supervisor: Prof. Madya Dr. Abdullah Bade (abb@ums.edu.my)

CERTIFICATIONS — NATIONAL TRAINING WEEK 2026

- Data & Analytics: Become a Data Analyst with Microsoft Power BI · R.O.C.K. Your Data with Power Query · Conquer Messy Data: Excel Tips & Tricks · GoogleSheet: AppSheet
- AI & Automation: AI for the Workplace · AI-Powered Workflow Automation · AI Meets Cybersecurity: An Introduction to CompTIA SecAI+
- Cybersecurity: Think Smart, Stay Safe: Your First Step into Cyber Security · Cybersecurity & AI Threat Awareness · Cybersecurity Awareness for Leadership
- Productivity: Microsoft Office Essentials for Productivity

TECHNICAL SKILLS

Programming: Python, C++, C, SQL

Apps & Web: React, PyQt6, Streamlit, HTML

Data & Analytics: Microsoft Excel (advanced — Power Query, automated templates & record systems), Microsoft Power BI

Platforms & Tools: Google Apps Script, AppSheet, SQLite, Git, VS Code, RStudio, Unity

Design: Figma (UI/UX), Canva

LANGUAGE PROFICIENCY

Malay: Written: Excellent · Spoken: Native

Kadazan-Dusun: Written: Excellent · Spoken: Native

English: Written: Excellent · Spoken: Excellent

Mandarin: Written: Basic · Spoken: Basic

LEADERSHIP & CO-CURRICULAR ACTIVITIES

- Event Director (Pengarah), MCG Family Day 2024 — led the organising committee.
- Committee member (AJK): Kem Matematik Perdana (2022, 2024, 2025), SCIMATECH 2025, Math Quest 2025, MCG Career Talk 2024 (international level), MCG Academic Talk 2024, MCG Motivational Night 2024, LaTeX & Mendeley Mastery Workshop 2024, MCG LaTeX Lab Training 2024, Mentor-Mentee programmes (2022–2025).
- Member, GAMmA association (sessions 2024/2025 and 2025/2026).
